TO WHOM IT MAY CONCERN

Dear Sir / Madam:

I am writing on behalf of ABCO construction Company who built our new building in 1996 within six months' time.

We find them to be honest people and has done a very good job for our church. They have been able to finish their contracted work according to the agreed budget with approximately 10% + contingency.

We are satisfied and are happy to give them references.

Yours truly,
